Requirements of St. Lucian Citizenship-by-Investment

The St. Lucia Citizenship-by-Investment Program is regulated by the Citizenship-by-Investment Act No. 14 of 2015. § 33 of this act established the Saint Lucia National Economic Fund (NEF), which receives the qualifying investments of donations from the program. These funds will be used by the government under the national development agenda.

The program requires applicants to make a significant economic contribution to the country. In exchange, and subject to a stringent application process and due diligence checks, the applicants and their families are granted full citizenship. The main applicant must be at least 18 years of age to qualify, meet the application requirements, and select one of the following investment options:

1. An investment in an approved real estate development with a minimum value of USD 300,000, which must be held for a minimum period of 5 years. Additional costs may also be incurred depending on the real estate developer.
2. An investment in an approved enterprise project (as set out in the regulations) with a minimum investment of USD 3.5 million, plus the creation of no less than 3 permanent jobs. Alternatively, a joint contribution of USD 6 million (with each applicant contributing a minimum of USD 1 million), plus the creation of no fewer than 6 permanent jobs.

For the above 2 options, the following government administration fees will also apply:

- Main applicant — USD 30,000
- Main applicant with spouse — USD 45,000
- Each dependent aged 18 and over — USD 10,000

- Each subsequent family member after sixth — USD 10,000

3. A non-refundable contribution to the National Economic Fund (NEF) of USD 100,000 (for a single applicant). An applicant may make the contribution under one of the four following categories:

- Main applicant — USD 100,000
- Main applicant and spouse — USD 140,000
- Main applicant, spouse, and up to 2 other qualifying dependents — USD 150,000
- Each additional qualifying dependent applying with the main applicant, spouse, and two other qualifying dependents — USD 15,000
- Each additional qualifying dependent — USD 25,000

4. Investment in non-interest-bearing government bonds, which must be held for 5 years:

Procedures and time frame of the St. Lucia Citizenship-by-Investment Program

The application process should take no longer than 4 months from submission of the application to issuance of the certificate of citizenship, assuming there are no areas of concern with the application. Where, in exceptional cases, it is expected that the processing time will be longer than 3 months, Red Kite Consulting will inform the applicant of the reason for the anticipated delay.

The Citizenship-by-Investment Board, which provides oversight to a dedicated citizenship-by-investment unit (CIU), will consider an application for citizenship and its outcome may be to either grant, deny, or delay for cause. A citizenship-by-investment application will be submitted in electronic and printed form by Red Kite Consulting on behalf of the applicant. All applications must be completed in English.

All requisite supporting documents must be attached to an application before it can be processed by the CIU. All applications must be accompanied by the relevant non-refundable processing and due diligence fees for the principal applicant, their spouse, and each qualifying dependent. Where an application has been approved in principle, the CIU will notify Red Kite Consulting that the qualifying funds and requisite government administration fees must be paid before the certificate of citizenship can be granted.

The main applicant must remit the required funds for the qualifying option within 90 calendar days after notice of approval of their application. A successful applicant shall sign the oath or affirmation of allegiance before an attorney-at-law, notary royal, or notary public. The minister may, by order, revoke a grant of citizenship in exceptional circumstances as may be deemed necessary.
